PRESS ANGLES

Nine mortal sinners expelled from Hell.

One Orchard fed toward the end of Creation.

Select licensing and collaborations when the context can carry the work.

SHORT BIO

Ghost Orgy is the project of Jack Dyer. Its debut record, Salt, follows nine mortal sinners expelled from Hell when their namesake sins destabilized it. They feed an ancient Orchard toward the end of Creation. Songs, sister portraits, recovered records, and damaged ritual audio form a single body of work.
